Warning: Customers towing caravans are not recommended to follow satnav which takes you through some narrow country lanes which are regularly used by large farm machinery. It is possible to arrive this way but you may need to reverse in order to pass other road users. We always recommend travelling to the campsite via the village of Woolsery (Woolfardisworthy).

From Bideford:

From Bideford take the A39 (Atlantic Highway) travelling towards Bude. After 5.5 miles turn left at Bucks Cross signposted Woolsery. Stay on this road and follow it into Woolsery. You will pass through the centre of the village with the Shop, the Church, the Farmer Arms Pub and Woolsery Fish & Chips. At the junction with the school in front of you turn left and take that road out of the village, passing the Community Hall on your right as you leave. Take the next right signposted 'Ashmansworthy', then at the top of the hill turn left Signposted Stroxworthy. As you drop down into Stroxworthy you need to take your first right up the private lane leading to the Campsite.
